**NEW BOAT RAMPS AT MAXIMO PARK**

Story and Photos by Edie Creter

On July 23, 2013, the Maximo Park (34th St. S and Pinellas Point Drive, St. Petersburg, across from Eckerd College) boat ramps dedication ceremony was held for seven new boat ramps where several boats can be launched at one time. Unlike boat ramps at Gulfport and Fort DeSoto, these boat ramps are free to use.

In 2012, the City was awarded a Florida Boating Improvement Program Grant in the amount of $200,000 for the Maximo Park boat ramp improvement project. On site improvements included design and permitting services, demolition of seven existing boat ramps and six stationary docks, construction of seven new boat ramps and four floating docks, construction of a new solar-powered restroom facility, security lighting, and parking improvements.

**34TH ST SOUTH REDEVELOPMENT**

The steering committee comprised of fifty or so members has had five meetings since the April 23rd Kick-off meeting. Broadwater has had excellent participation from Tom Ando, Mike Milvain and Evelyn Hill. Anyone can participate in steering committee meetings and we wish to thank Broadwater residents Frank McKinney, Frank Bozikovich, Neil Mirchandani, Thom Burton and Doug & Rhonda Fuller for contributing to at least one meeting. Project coordinator Gary Jones has been a man of his word in keeping the meetings at 2 hours and has opened our minds to some exciting ideas that can make our area unique and attractive to development. A Business Association is also being formed to help organize and collectively support and market our great local businesses. We ask that you support these merchants so we can retain business while working to attract more. We were also excited to see a presentation by Maximo Marina about the upcoming improvements that show their confidence in their investment in our area. Gary updated the plan progress in front of another great enthusiastic crowd on August 13th.

If you were not able to be there please visit [www.stpete.org/34](http://www.stpete.org/34) and view the Update Presentation. Continued on page 3

---

**SAVE THE DATE**

- **Sept 11**: Candidates Debate (in place of General Meeting) at SPC Allstate Center 6:30 PM
- **Sept 28**: Carefest Lake Vista Park
- **Oct 15**: 34th St Plan Public Meeting SPC Allstate Center 7:00 PM
- **Nov 5**: Election Day
- **Nov 7**: Board of Directors Meeting
- **Nov 15**: Winter Broadwater Breeze Deadline
- **Dec 14 (Sat)**: Broadwater Holiday Party
Congratulations! Jack & Doug will receive a $25 gift certificate compliments of John Ferguson, CDPE, SRES, Broker Associate

NEW BOAT RAMPS AT MAXIMO PARK
CONTINUED FROM PAGE 1

Adjacent are a replica Indian Mound, picnic tables with shelters, barbecues, and new playground, all on a picturesque beach overlooking Boca Ciega Bay. Penny for Pinellas funds provided necessary funding for the remainder of these projects.

Many residents of the area participated in the event, with the Broadwater and Greater Pinellas Point communities well represented at the dedication ceremony. The ceremonial ribbon was simultaneously cut by Mayor Bill Foster, City Council Members (including Council Members Steve Kornell, Wengay Newton and Leslie Curran) and Neighborhood Association leaders (including our own Tom Ando and Evelyn Hill).

The ceremony ended with a perfect boat launch by the St. Petersburg Police Department Marine Patrol. Perhaps you have seen this police boat patrolling our canals in recent months. The barbecue lunch that followed was provided by Greater Pinellas Point Neighborhood Association and the 54th Avenue South Publix.

Go to www.tampabaywatch.org to see the many programs they have to preserve and restore our waters.
34th St South Redevelopment

Continued from page 1

Please consider attending a meeting on September 10th, 24th, or October 8th to help with the design of the plan. Thank you for supporting the City, local businesses and your neighborhood leadership in this effort. Please visit www.stpete.org/34 for the latest information or contact Gary Jones at 893-7100 or gary.jones@stpete.org. See you on October 15th at the next Public Meeting!

34TH ST SOUTH REDEVELOPMENT
Continued from page 1

Please consider attending a meeting on September 10th, 24th, or October 8th to help with the design of the plan. Thank you for supporting the City, local businesses and your neighborhood leadership in this effort. Please visit www.stpete.org/34 for the latest information or contact Gary Jones at 893-7100 or gary.jones@stpete.org. See you on October 15th at the next Public Meeting!
FROM THE BCA BOARD

We welcome Charles Goes to the open Board of Directors position. We had three very qualified candidates and the decision was quite difficult. We are taking nominations now for anyone interested in serving on the 2014 Board of Directors. It has been quite an active summer for Broadwater with the 34th St. S Plan coming into shape and the Rahall Estate initiative gaining some momentum. Mike Milvain, Evelyn Hill and I, along with contributions from several other Broadwater residents, have had a strong presence on the 34th St. S Steering Committee. The plan will be drawn up in the next two months and be presented at the October 15th public meeting. Please continue to show your support of this effort by attending that meeting or any of the upcoming Steering Committee meetings. Mike, Julie Reardon and I have also been working behind the scenes to garner support from the City Council to explore the possibility of purchasing the Rahall Estate. Your communications to the Mayor and City Council have also had a positive impact. This is an opportunity for the city to improve the quality of life in Broadwater and the surrounding neighborhoods who have also provided strong support. These efforts do not go unnoticed especially in an election year. A strong voter turnout from our area neighborhoods on November 5th will also go a long way in keeping the City Council and Mayor focused on our issues and efforts going forward! In lieu of our regular General Meeting we will be hosting a Candidates Forum on September 11th at SPC Allstate Center. I look forward to seeing you there!

Tom Ando
BCA President

CANDIDATES FORUM

Will be held on Wednesday Sept.11 at 6:30 PM at the SPC Allstate Center at 3200 34th St. South.

Broadwater will host the candidates for Mayor and City Council for a forum that will take the place of our regular General Meeting. All area neighborhoods will be invited to hear how the candidates intend to address the needs of our great area.

Welcome Aboard representatives are Kris Holtman, Maria Roesner and Mary Lisan. Kris, Maria, and Mary all live on 44th St S and have teamed up to make sure all new residents are welcomed in a timely manner. If you need to let our Welcome Aboard ladies know about a new resident please email infolink@broadwaterfl.org or call Kris at 867-3172, Maria at 498-6899 or Mary at 215-962-8814

A Warm Welcome to our Newest Neighbors
Kevin & Michelle Stella 4533 39th St S
Nancy Johnson 4160 39th St S
Lou & Lina Hodac 3991 38th Way S
Erwin Danneels & Selenia Rodriguez 4597 45th St S
James & Susan Crona 4345 39th St S
Jannine LeMere & Samuel Doyle 3872 42nd Ave S
Gerry & Lynne Moore 3896 42nd Ave S
Javier & Janine Secada 4321 39th St S

Welcome Edge Fitness
Doug and Loida Pearson have rebranded Gold’s Gym St Pete South to become Edge Fitness. They have been providing optimum workout experience and excellent customer service for almost 30 years in multiple locations in Pinellas County. Their brand evolution is more than just a logo makeover. It is about recommitting and refocusing on the tenets that have been the pillars of their success for decades. Over the coming months you will notice a fresh new look, improvements in the locker rooms, new cardio equipment, more flat screen TV’s, upgraded juice bar and menu, and an updated and more user friendly website. You will feel at home in the friendly and comfortable setting for ALL fitness levels. Visit them at 4949 34th St S or edgefitnessfl.com

WANTED

Now accepting nominations for the Broadwater Board of Directors
Contact Tom Ando at t.ando@turtlese.com or 638-1421
Cooler weather is approaching and it’s time to pull out those big Cabs. Cabernet Sauvignon is one of the most popular and widely planted wine grape varietal in the world. Found on 6 out of 7 continents it is the offspring of Cabernet Franc and Sauvignon Blanc. The crossing is believed to have occurred in the 17th century, giving it a long history.

There are many reasons why Cabernet Sauvignon is so popular. It is easy to grow, easy to vinify and has deep dark blackberry, black currant, cassis flavors that everyone loves. It is a grape that has the ability to show vintage characteristics, terrior and winemaking methods. It has a true affinity to oak aging and sometimes in younger wines it is hard to distinguish the oak from the fruit flavors, in older wine oak gives complexity and added tannins. The bunches of grapes have small berries with thick skins resulting in a large skin to juice ratio, allowing more color, tannins and phenolics to be extracted. Phenolics are found in the skins and are responsible for color, aroma and mouthfeel.

Cabernet Sauvignon is a great companion to other grape varietals. It is blended to give structure, color, tannins or “backbone” to the wine. Originally from Bordeaux, it is the main grape in the Graves and Medoc regions, where it is often blended with Merlot, Cabernet Franc and Petit Verdot. In Italy it is blended with Sangiovese, in Australia it is blended with Shiraz and in the US it is often blended with Merlot and Cabernet Franc.

Unquestionably it is king of Napa Valley. There it finds the long growing season needed to ripen properly. Napa Cabernets come in many styles of wine due to the different elevations, micro climates and soil types where it grown.

Now that we’ve selected the wine, what’s for dinner? Cabernet is a good pairing for steaks, ribs, beef stew, pasta with red sauce, strong cheeses, or my favorite chocolate (especially dark). Cheers!

**The Rahall Estate**

The City of St. Petersburg has a rare opportunity to purchase a portion of all of the Rahall Estate located on 41st St S just north of 42nd Ave S. The Rahalls have owned the 4.6 acre property since the mid 60’s and currently have it on the market. The city is assessing the feasibility of purchasing the property using interest from the Weeki Wachee Fund which is earmarked for this type of project. The preserved land could be used for a future passive park that would be a great asset to Broadwater and the environment. Council Member Steve Kornell has been working diligently to make this happen and there is a Facebook page at [https://www.facebook.com/CreateANewWaterfrontParkInStPete](https://www.facebook.com/CreateANewWaterfrontParkInStPete) if you wish to follow the progress. Infolink subscribers will also be updated as new information becomes available.

**Reminders**

- Please be mindful of the speed limit in Broadwater
- Please remind your contractors and guests to observe the “No Parking” signs on the north side of 46th Ave S.
- Please clean up after your pet. It is against city ordinance to not pick up their waste so carry a bag
- If you are having any dock or seawall work performed please ask your contractor not to use the area on 38th St S (south of 46th Ave S) to unload materials. This area has been the subject of much abuse and the pilings are constantly being damaged at the expense of the taxpayers.
- Please remember to turn your irrigation off during wet weather or better yet install a rain sensor
- Trash Collection for the week of Nov 11th will be on Tuesday & Thursday, No change for Recycling
- Trash Collection for the week of Nov 25th will be Monday and Wednesday, Recycling will be picked up Friday
How Your $30 Membership in the Broadwater Homeowners Association Makes A Difference!

Top 10 List: Submitted by Laura Yaeger

10. Experience that good feeling when you see a smile on your neighbor's face at one of the neighborhood social events
9. Provides us an opportunity to make a little extra cash at the neighborhood garage sale.
8. Builds stronger relationships between neighbors and surrounding communities.
7. Funds neighborhood beautification and Helping Hands projects.
6. Protects all through our strong neighborhood watch program.
5. Experience that exhilarating feeling as you walk through the Broadwater Haunted House. BOO!
4. Increases property values.
3. Advocates for our community's welfare and improvement (ie: the 37th Street Trial and 34th St Redevelopment Plan)
2. Shows our appreciation to our troops.
1. Benefits each and every resident.

Clearly, every membership counts! THANK YOU FOR YOUR SUPPORT!
Remember the yearly dues of $30.00 is less than an evening out on the town. Don’t forget to join this year!

Membership

Your dues are appreciated and support the many activities of the Broadwater Civic Association. We currently have 269 paid members (51%) exceeding last year’s total. If you have not sent your 2013 dues in, you may pay at the September 11th Candidate’s Forum, mail it to Vicki Linkovich, or drop it to your Block Captain. Please fill out the member form (available on the website) completely as we are always updating our database and want to make sure your information (and your pet information) is current. The form can be downloaded at www.broadwaterfl.org under the Contact Us tab. If you are not sure if your dues have been paid you may contact your Block Captain or email infolink@broadwaterfl.org to verify.

A Look at Broadwater Waterfront Homes Over the Last 15 years

Most of us know that back in the early 1970s you could buy a Broadwater waterfront home (new) for under $50,000. But that’s before some of our Broadwater homeowners were born! So let’s not go back that far. In 1997 the average price was $203,123 and averaged $100 per square foot. So a 1,680 sq ft 3 bedroom pool home on 48th Ave S sold for $147,000 (the low that year) and a newer 2,700 sq ft home on 45th St S sold for $301,000 (the high that year).

Prices rose until they peaked in 2006 with an average price of $700,282 and $320/sq ft. Then home prices started dropping until they reached a low in 2009 of $400,377 average with $188/sq ft. That was a drop of over 40% from the highs. Prices started creeping back up then, and so far this year the average

By 2005 all waterfront homes were selling over $500,000. Prices rose until they peaked in 2006 with an average price of $700,282 and $320/sq ft. Then home prices started dropping until they reached a low in 2009 of $400,377 average with $188/sq ft. That was a drop of over 40% from the highs. Prices started creeping back up then, and so far this year the average

Aluminum Wiring

As I’ve mentioned before, Citizens Property Insurance (and many other companies that follow them) will not issue a new insurance policy for a home with aluminum branch circuit wiring unless the home has been rewired completely with copper wiring on all connections have either COPALM or AlumiConn connectors throughout the home. You may be comfortable and insured in your home with aluminum wiring, but if you sell it, your buyer will not be able to get a new insurance policy.

Some electricians will only do rewiring and not connectors. Other electricians won’t do either one. Check around and get some quotes if you want or need to make changes. You aren’t required to make these changes if you sell your home, but your buyer may be able to cancel the contract either under an “as is” contract during the inspection period or later if he’s denied a mortgage because he can’t get insurance.

Don’t let your insurance policy lapse!

The rate increase caps that owner occupied homes have for both homeowner’s and flood insurance policies only apply to current owners and to policies that have not lapsed. If you’re going on vacation or depend on someone else (even your bank) to make your insurance payments, be sure to verify that the payment has been made - before the due date. Having to get a new policy because of a missed payment can bring a very unpleasant surprise. Even though our homeowners rate increased by 15% this year, it’s $2,240/year less than it would have been if we had to get a new policy, which would have been a 78% increase.
(Continued from page 1)
sale price is $500,251 and $203/sq ft.
Averages are only that, so ask a REALTOR®
if you want to know more about the value
of your particular home. Don’t rely on a
Zestimate - they may be on target, or they
may be 20% off in either direction - the
problem is, you don’t know which.

Statistically Speaking

These figures show the current market and the recent Broadwater sales history
according to the Multiple Listing Service (MLS). Prices vary by size, condition and location,
so the $/square feet has a tremendous range and is “nice to know” rather than a useful criteria.

TEAM NEWS!

In June, Sharon attended an international conference focused on luxury real estate in Los Angeles, CA.
Tami taught the Certified Luxury Home Marketing Specialist course in St. Louis, MO in June, then again in the Woodlands, TX (outside Houston) in July.

Rob got a personal trip in during July to visit family in Minnesota. (Amy was just heading on a cruise at last press time, which went very well!) Sharon and George will have returned from two weeks in Costa Rica by the time you read this, so everyone’s had a bit of travel over the last few months.

Tami was busy with the Downtown Business Association’s 40th Annual Sunrise Sale event in July, and has lots of volunteer activities kicking back into full gear as we head toward Fall.

The next few months are big for real estate conferences around the country, so we’re looking forward to honing our skills and bringing back new ideas to benefit our clients.

Sharon Simms,
Team Leader

Tami Simms,
Director of Marketing & Concierge Services

Amy Dinovo,
Strategic Execution Officer & Client Care Manager

Rob Johnson,
Accredited Buyer Representative

Sharon Simms sells real estate, and she’s good at it. Just ask your neighbors!
A M O M E N T  I N  T I M E  !

How many times do you say “time flies?” How often do you take time to truly enjoy the present moment without worrying or thinking about what will come next? In today’s fast and furious society, it is becoming increasingly important for kids and adults alike to take a “time out” and bring our thoughts and awareness back to the present moment. Simple meditation exercises such as the one below can help bring peace to your heart, mind and soul – which we all know can also positively affect our physical well being.

Mindfulness Exercise
There is no doubt that we live in a beautiful state, city and neighborhood. The next time you can set aside at least five minutes for yourself, head outside and enjoy nature in a peaceful and mindful way. You can take a short walk or just sit comfortably and engage your senses with your surroundings either alone or with a silent partner. While you are outside focus on one of the three exercises listed below

1. **The Sights** – While you are out, look over the big picture for approximately one minute. Then, slowly focus your eyes on the details of your surroundings. As you look at the various colors, shapes, dimensions and movements of the outside world, take a few deep cleansing breaths and enjoy the scenery.

2. **The Sounds** – Listen to the sounds in the distance and the background noise. Accept this as background without passing judgment on whether it is good or bad; it just is. Now focus in on the melodies around you. They may include the birds chirping, the tree frogs singing or the soft waves hitting the shore. Allow your heart to dance along with these melodies. Take some deep breaths as if to provide the harmony to the sounds you are hearing around you.

3. **The Flavor** – Sit quietly with your favorite food or drink in hand (hopefully something healthy like warm herbal tea!) Take the full five minutes as you enjoy each sip or bite. Just let your mind focus on the flavor and the feeling that you get when you can sit in peace and enjoy your treat.

4. **The Texture** – Walk through the grass or sand and focus on the sensation each step brings on your feet. Think about how you are distributing your weight and how that effects what you experience. Now take some time to do the same with your hands by touching and appreciating the different textures that await outdoors. If you are struggling with these exercises, take some time to follow around a child who has just learned to walk or is learning a new life skill and pay attention to how he/she appreciates the environment. Simple mindfulness exercises like these can help build a life toward better awareness, enhanced appreciation and ultimately fewer problems related to physical and mental stress. Take care not to deprive yourself of appreciating each present moment, as it only comes once and will never return again!

**TREASURER’S REPORT**

submitted by Vicki Linkovich

As of August 20th Cash and Certificates of Deposit total $37,665. Revenues year-to-date through August 20, 2013 of $9,970 compared to $9,129 for the same period last year. 2013 year-to-date advertising income reflects favorably to 2012 by $1,186. 2012 revenues included a reimbursement from Maximo Marina in the amount of $800 for the expense to mulch the 46th Ave. S entrance. 2013 year-to-date expenses of $6,777 compared to $5,249 for the same period last year. The 2013 year-to-date expenditures include $540 charged to membership for communication signage and $850 to social events for the TASCO services at the picnic which is a timing difference to the prior year. Year-to-date 2013 expenses also include $450 of expense reimbursement for prior year expenses.
BROADWATER HELPING HANDS

We would like to offer a big thank you to Pro Green Lawn Service for providing a helping hand for some of our neighbors. If you or a neighbor in Broadwater needs a helping hand, please contact Kristen Mory at 727-688-9597 or kristenmory@yahoo.com. We have a wonderful group of volunteers and professionals who can assist you with a wide range of services. If we are not able to provide you with the needed services, we can at least help you find the resources you need. If you would like to be a Helping Hands volunteer, please contact Kristen. Broadwater Cares!

BE CARETAGIOUS ON SEPT. 28TH

Carefest is an annual community service day that encourages people to become more involved in their community all year. Community projects are identified and then carried out the morning of September 28th. Broadwater has participated the last 3 years and will do so once again in 2013. Our volunteers will be working the registration tables at Lake Vista Park. If you are able to volunteer, please email infolink@broadwaterfl.org or call Tom Ando 638-1421. Your participation shows the city leaders that Broadwater cares so join your neighbors and show your community spirit!

PARENTS - LET’S NETWORK!

If anyone is interested in networking with other parents in Broadwater to socialize and organize some children’s activities, please email infolink@broadwaterfl.org with your name, address and phone number. We hope to have another Halloween event for the kids (and adults) on Saturday Oct. 26th.

BROADWATER NIGHT AT BEEF’S

A big thank you to all who participated in Broadwater Family Night at Beef O’ Brady's on August 22nd. Proceeds from the event will benefit Broadwater Helping Hands. Lots of fun and neighborly competition was had by all as we ate, drank and played Bingo! Special thanks go out to Franc and his wonderful staff at Beef O’Brady’s as well as Edge Fitness, Pinch-A-Penny Pools, Dixie Sweets and Ms. Susie. Be sure to support these businesses that support Broadwater Helping Hands. Look for another family fun night coming soon!
Summer in Florida is the most challenging time to maintain your pool. The environmental conditions of our very hot weather, strong sunshine and heavy rains can wreak havoc with the water balance of our pools and algae blooms can occur if the pool owner is not diligent about maintenance. Many of our customers struggle with their pools at this time of the year. Add in the fact that many people travel during the summer months and may miss a week of regular maintenance, and pools at this time of the year can change from blue to green very quickly. Proper chemical balance is critical, as is the need to brush your pool walls and floor once a week. The weekly use of liquid Chlorinating Shock (or Salinity shock for Salt Pools) is an absolute must at this time of the year to prevent algae blooms!

In addition to maintaining the proper chemical balance of your pool, here are some simple tips to prevent algae in your pool:

- Make sure that your pump is operating at least 8 hours a day, during the day! Some people try to save on the electric bill by operating the pump fewer hours or at night, but the proper amount of circulation and filtration during the heat of the day is critical especially at this time of the year to keep your pool clear.
- Keep your filter clean and in good working order! Pool filters are like our kidneys, and they need to be maintained in order to keep your pool water sparkling clear and algae free.
- Remove debris from the pool in a timely manner! Many people find that the use of an Automatic Pool Cleaner is very helpful in keeping their pools clean. However, you must still brush the sides and bottom of the pool!
- Use an algaecide as part of your regular maintenance program. Algaecides are formulated to kill algae, and people who regularly use algaecides report fewer problems during the difficult summer months.

If you do all of these things and STILL have trouble with recurring algae blooms, there may be other issues at hand. Phosphates, which are “food” for algae, are very common in our area. Pools with phosphates are likely to have continued issues with algae, and they must be removed with specialty chemicals.

Summertime is the time to enjoy, not be annoyed by, your pool! If you are having trouble with your pool, we are here to help. Stop by with a water sample and let us determine what the problem is and how to solve it.

As you may have heard in one of our commercials, “We are the Perfect People for A Perfect Pool”!
